The Proven Professional Program periodically updates certification requirements. \*Please check the [Proven Professional CertTracker](#) website regularly for the latest information and for other options to meet the Associate level requirement.

# E20-260 VPLEX Specialist Exam for Implementation Engineers

## Exam Description

### Overview

This exam is a qualifying exam for the **Specialist - Implementation Engineer, VPLEX (DCS-IE)** track.

This exam focuses on the deployment of VPLEX systems; including installation, configuration, troubleshooting, and management. In addition, the exam covers VPLEX architecture, theory of operations, site planning, and configuration requirements.

Dell Technologies provides free practice tests to assess your knowledge in preparation for the exam. Practice tests allow you to become familiar with the topics and question types you will find on the proctored exam. Your results on a practice test offer one indication of how prepared you are for the proctored exam and can highlight topics on which you need to study and train further. A passing score on the practice test does not guarantee a passing score on the certification exam.

### Duration

90 Minutes  
(60 Questions)

**Pass Score: 63**
