Access competency aligned courses for the first time

1. Visit <https://education.dellemc.com> and **Login**
2. After login, select **My ODLC** from **My Account** menu
3. Typically, you will see two active plans
 - For an example
 - All Competency Plan to access your certification-aligned curricula
 - Skills Maintenance Plan to access a collection of update (differences) courses

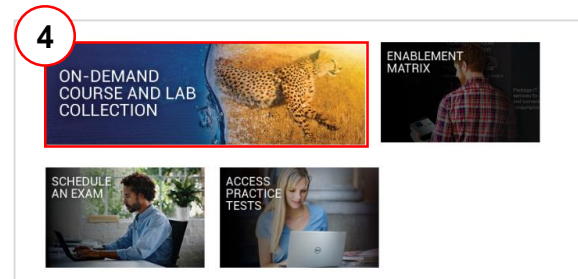

4. Click **On-Demand Course and Lab Collection**
5. Select competency-aligned course/curriculum of your choice and follow-through with self-registration process

Self-Registration

1. To access a package from the ODLC:

- Select the **package** name
- Select the “**Get Started**” button to register for the package (disregard any price shown).
- Launch the course contained within the package.

2. To access a course from the ODLC:

- Select the **course** name from the ODLC
- Select “**Launch**” button to register and launch the course.

Friendly reminder:

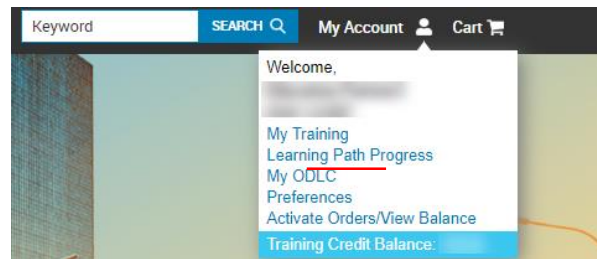

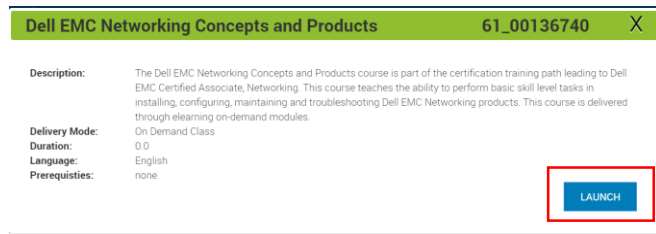

- To access a new competency-aligned training package or Skills Maintenance course, please access the package/course from within the **My ODLC** option under My Account.
- To realize the benefits of ODLC you must access the training from within the My ODLC option.

Package

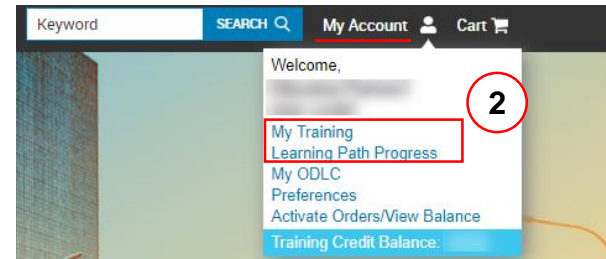

Package Number: MR-7MM-SPSIE-BR

Access already registered courses / Learning Paths

Using My Training and Learning Path Progress account features

1. Visit <https://education.dellemc.com> and **Login**
2. After login, select **My Training** or **Learning Path Progress** from **My Account** menu
3. For taking a series of courses (a curriculum), Learning Path Progress is the better feature to use. Click on **view details**, then **launch** courses.

Learning Path Progress

Learning Paths consist of courses that develop knowledge and skills for a targeted role or topic. Learning Paths can be self or manager-assigned. Select 'View Details' or the Learning Path name to view Learning Path details, enroll in courses, or to view your progress.
